Taekwondo Canada Kukkiwon Database information changes - effect April 1, 2012

Please note that on January 1, 2012 a notice was placed on our website prompting members to familiarize themselves with National Policy Changes and take the necessary steps to adhere to same.

In keeping with our constitution under Article II Membership – specifically that of 2.2 (a) and (b) Qualifications for Membership an applicant must:

Hold a valid Kukkiwon certification registered with the Taekwondo Canada database, or
Have satisfied the requirement for Kukkiwon and is pending receipt of said Kukkiwon certification and registration with the Taekwondo Canada database.

Therefore all Black Belts will have to become registered members of Taekwondo Canada in order to remain listed in the database and must do so by March 31, 2012.

Thank you.
